THE INCOME TAX TO BE COLLECTED

THE APPROPRIATION BILL HAS BEEN PASSED.

The Vote on the Measure Stood 169 to 49 After Which the Fortification Bill Was Taken Up—Money In the Treasury Yesterday—The Work In Senate.

WASHINGTON, Dec. 14.—After some unimportant business yesterday the house went into committee of the whole for the further consideration of the urgency deficiency bill and appropriation bill. The pending amendment was that of Mr. Henderson (rep., Iowa) to reduce the appropriation of $250,000 for special pension examiners to $120,000. Mr. Henderson denied Mr. Bynum's imputation that his motion was not made in good faith. Mr. Henderson's amendment was lost, 59 to 88.

The committee then rose and reported the bill to the house with a favorable recommendation. The previous question was ordered and Mr. Cockran (dem., N. Y.,) then moved to recommit the bill with instructions to strike out the appropriation for the collection of the income tax. Mr. Cockran's motion was defeated—49 to 169.

Analysis of the vote: Yeas—Democrats, 15; republicans, 34; total, 49. Nays—Democrats, 135; republicans, 29; populists, 5; total, 169.

The bill was then passed and the house in committee of the whole took up the fortifications appropriation bill. Mr. Livingston of Georgia, in charge of the bill, explained that it carried $1,878,057—$5,478,646 less than the estimates and authorized no contracts in excess of sums appropriated.

The bill was passed without amendment and Mr. O'Neil (dem., Mass.) called up the pension appropriation bill. He explained it carried $141,681,570—$200,000 less than the estimates. This year $150,000,000 was appropriated for pensions. The appropriation in the bill for 1896 was $140,000,000. The only other change from the estimates and the bill for the current fiscal year was a decrease in the appropriation for examining surgeons from $1,000,000 to $800,000. Mr. Grout (rep., Vt.) criticised the amount for pensions carried by the bill as of doubtful adequacy.

An agreement was reached to close general debate on the pension bill at the end of four hours to-day, when it was laid aside and the military academy appropriation bill was taken up on motion of Mr. Outhwaite. The appropriation for the general army service men at West Point, $46,833, provoked some discussion, but the bill was passed without amendment and then, at 4:30 p. m., the house adjourned.

The subcommittee of the house committee on postoffices and postroads has completed the postoffice appropriation. The bill will carry an appropriation of $89,442,897. The estimates were $91,050,283. The cuts made were about $1,000,000 for railway mails and about $300,000 in star mail service.

IN THE SENATE.

Nicaragua Canal Bill the Topic of Discussion.

WASHINGTON, Dec. 14.—In the senate yesterday Mr. Morgan asked unanimous consent that the vote on the Nicaragua bill and amendments be taken next Wednesday at 3 o'clock. Mr. Cafferty (dem., La.) objected. Mr. Blackburn (dem. Ky.,) moved that when the senate adjourn it be to meet Monday and on this motion Mr. Morgan demanded the yeas and nays. The vote resulted—yeas, 22; nays, 23. Mr. Morgan took the floor, for a speech on the Nicaraguan canal. He presented a long list of commercial bodies, representing all parts of the United States which were favorable to the construction of the canal. There was no danger to democratic principles, he asserted. In closing he said he would now leave the matter in the hands of the senate unless it should be necessary to answer questions that might arise. He asked that a vote be now taken. The yeas and nays were demanded on Blackburn's motion to adjourn and the motion carried by 26 to 22.

Senator Call presented an amendment to the Nicaragua canal bill providing instead of aiding in the construction of the proposed canal by guaranteeing its bonds, the government shall construct the canal outright. It provides means for acquiring title to the company's concessions and that the canal shall be built on the lines of surveys.

CURRENCY PLANS.

Editor Dodsworth Presents Views to the Committee.

WASHINGTON, Dec. 14.—W. Dodsworth of New York, editor of the Journal of Commerce, spoke before the committee on banking and currency yesterday. He said that it will be manifestly desirable to adopt a course least calculated to disturb existing banking arrangements that need no change, but that the power of issuing notes should be conceded to the banks operating under state laws, conditioned upon the terms that they shall conform to the terms of issue imposed upon the national banks, thereby securing from all banks a uniform circulation. Mr. Dodsworth said: "Any course short of this would be not only a political injustice but an unwarrantable discrimination against a class of banks in every way deserving the privilege and upon whose operations the business interests of the country are largely dependent. The state banks of the country have a total capital of about $275,000,000 and are the custodians of $750,000,000 of the people's deposits. Their capital bears a ratio of 36 per cent to their loans, while in the case of the national banks the proportion is only 33 per cent, and the ratio of capital to deposits is 37 per cent, which is identical with that of the national institutions. To determine the maximum of circulation to be permitted, a uniform ratio should be established between the permissible amount of issues and the unimpaired paid-up capital or the paid-up capital and surplus combined, preferably the latter. As banks ordinarily keep their circulation within the limit that limit should be adjusted to a normal amount, but allow a liberal margin for expansion in periods of unusual business activity. A limit of 75 per cent would be entirely safe. Should no steps be taken for retiring the outstanding government notes this capacity of issue must exceed the existing requirements of the business. How far that must tend to induce an unhealthy inflation of the circulating medium would depend almost entirely upon the nature of the provision made for the redemption of the notes. Under such arrangements as are provided by the existing treasury redemption agency such a result would inevitably follow, for the system obstructs more than facilitates redemption. If, however, congress should decree the withdrawal of the $500,000,000 of treasury paper, the new supply of bank notes would be none too much. With the withdrawal of the bond form of guaranty there would be but one eligible substitute—to constitute the notes a first lien upon the entire assets of the bank and also upon the liability of the stockholders to assessment up to the full amount of their capital stock. With the combined guaranty from assets and stockholders, the protection would be much more ample than that afforded by the existing deposit of bonds; the only difference being that, under the new method, the notds must not be redeemed with the same degree of promptness."

The redemption agency of national banks he characterized as a failure, showing that in 1857 the Suffolk bank of Boston, acting as redemption agent for the New England banks, effected $400,000 of redemptions: that New England, with its financial dimensions of thirty-seven years ago, had tenfold the amount of redemption now effected at Washington for the whole United States. The agency should be near the point of issue, and he suggested six redemption districts, the comptroller to recommend a bank as agency in each of these divisions: 1. New England states; 2. New York, New Jersey, Delaware, Pennsylvania, Maryland, District of Columbia; 3. Southern states; 4. Ohio, Indiana, Illinois, Michigan, Wisconsin, West Virginia; 5. Iowa, Minnesota, Kansas, Nebraska; 6. Pacific states and other western states and territories.

DEAD PREMIER LIES FAR FROM HOME

REQUIEM MASS FOR SIR JOHN THOMPSON.

London Honors the Canadian Prime Minister—On the 18th the Body Will Be Placed On the Majestic and Brought to America for Burial.

LONDON, Dec. 14—[Special]—Requiem mass was sung to-day over the remains of Sir John Thompson, after which the body was removed by the private undertakers, and they will be held until December 18, when they will be taken to Liverpool and placed on the Majestic. His sudden death is the one subject of comment throughout England now. The castle has a most gloomy appearance, as everybody and everything seem to reflect some signs of the sad event. At noon the body was taken on a funeral train to London where it will be embalmed preparatory to its conveyance to Canada. Queen Victoria has given instructions that everything possible to be done to make the funeral a national event. Scores of telegrams have been sent from the castle to Canada, and the queen expresses the greatest sympathy with the family of the diseased premier and with the Canadian people in the great loss which they have sustained. Shortly before midnight a requiem service was held in the room of the Clarence Tower in which the remains were first deposited. Rev. Father Longinott, a Roman Catholic priest of Windsor, officiated. Sir Charles Tupper, Canadian high commissioner and Lord Pelham Clinton, master of the queen's household, and other high officials of the castle were present. The arrangements for the funeral were completed in the morning and at noon a closed hearse, drawn by four horses with black plumes, and a two horse mourning coach arrived at the castle. A few minutes after noon the queen was wheeled into the marble hall in a chair and placed two wreaths upon the coffin. One was of lilies and the other was of laurel leaves. The latter wreath bore an autograph inscription.

It is generally understood that Sir John Thompson's remains will be brought from England by way of New York. A funeral service will be held in Ottawa, and interment will be in Halifax, N. S. It is said Sir Charles Tupper will be his successor.

JOHN BURNS TO SPEAK.

New Schedule of Dates Arranged for the Labor Leader.

DENVER, Colo., Dec. 14.—At the convention of the American Federation of Labor yesterday the executive committee submitted the following schedule of dates for meetings to be addressed by John Burns to be substituted for the one submitted Wednesday: Omaha, Dec. 17; Chicago, Dec. 19; St. Louis, Dec. 21; Indianapolis, Dec. 22; Cincinnati, Dec. 23; Nelsonville, Ohio, Dec. 24; Detroit, Dec. 25; Cleveland, Dec. 26; Pittsburg, Dec. 27; Washington, Dec. 29 and 30; Philadelphia, Dec. 31; Boston, Jan. 2. The report was adopted.

A telegram of congratulation was received from Miss Frances Willard, president of the Woman's Christian Temperance union. The auditing committee reported a balance on hand Nov. 1, 1894, of $5,191.

A spirited discussion was precipitated by the report of the resolutions committee in favor of the adoption of a resolution introduced by Edward L. Daly of the Lasters' union of Boston asking congress to pass a law making it an offense punishable by fine and imprisonment for any employers to employ during a strike or lockout of his employes aliens who have resided in this country less than one year who have not expressed an intention of becoming American citizens. After some discussion a substitute was offered that the resolution be referred to the incoming executive council with instructions to secure legal advice regarding the constitutionality of such a law, it passed. The substitute was adopted.

The committee on resolutions also recommended the adoption of delegate Lloyd's resolution in favor of the free coinage of silver. The preamble covers much of the argument of the advocates of free coinage and demands the reenactment of the law in force before 1873, regardless of the action of any other nation. Treasurer Lennon objected to the preamble because, he said, it assumed that all the trouble in this country was due to the demonetization of silver, and moved to strike out all except the bare declaration for the re-enactment of the law. Mr. Lennon's amendment was agreed to, after which the resolution was adopted.

The committee on the president's report submitted its report. It warmly indorsed the action of the president in the American Railway Union strike and the various recommendations of the report. It was recommended that May 1, 1895, be fixed for the general establishment of an eight-hour day. The proposed compulsory arbitration law was vigorously opposed. The report was adopted.

To-day's session will probably be one of the liveliest of the session. At 10 o'clock the "political program" is to come up. The plank over which the great fight is to come is No. 10. It is believed the discussion of this question and the vote upon it will have a strong bearing upon the election of a president.

LINCOLN, Neb., Dec. 14.—A special from Marshland, a small town on the Burlington's Northwestern extension in the wild prairie region of Dawes county, gives meager particulars of an attempt at train robbery eight miles north of there early yesterday morning. It is supposed when the would be robbers discovered this they rode off. The passenger occasionally carries large amounts of gold from the Black Hills region.

The second point, that there must be corroboration of testimony other than that of accomplices, the judge sustained. Van Leuven then on the stand denied the charges against him and argument by counsel began.

THE EARTHQUAKE SPREAD HOVOC

Entire Villages Are Wiped Out—General Foreign News.

VICTORIA, B. C., Dec. 14.—The Australian steamer Warrimoo brings startling news that a majority of the islands of the New Hebrides group are passing through a baptism of fire, earthquakes, and volcanic disturbances, threatening the existence of several of the largest and best islands, including Ambrym, celebrated for the excellence of its coffee. On the latter an entire village of natives was recently carried into the sea, the loss of life being estimated at sixty to seventy-five men, women and children, while in others of the group fatalities are also reported. A layer of ashes from two to six inches deep, covers the once fertile fields. At Epi Nov. 2 there was a severe earthquake which opened an entire volcanic crater on the west side of Ambrym, and on the next day the whole island trembled. Since then it opened in five or six different places. Even the island of Epi, which was much less affected, had, up to Nov. 7, felt sixty-three distinct shocks and for weeks had been covered by clouds of ashes and smoke. Traders and planters living on Ambrym island have fled precipitately to Port Sandwich (Malicollo) the nearest port, in many cases abandoning all their property.

Nov. 13 an earthquake shock rocked Ambrym from east to west, causing the ground on which stood a small native village to slump, with the houses of the inhabitants, into the sea. It is impossible to accurately state the extent of the fatalities, but the lowest estimate of the loss of life is fifty. Owing to the lateness of the disasters details were not available when the Warrimoo left the southern seas, although natives from all the volcanic islands were flocking to the centers of civilization for safety.

TORTURE OF ARMENIANS.

Letter Says Women Were Slaughtered and Men Burned to Death.

BOSTON, Mass., Dec. 14.—The following is an extract from a letter received in this city from an American residing in Erzerum, in the province of Sassoun, where the recent Turkish atrocities against Christian Armenians are reported to have occurred. For obvious reasons the names of the writer and recipient are withheld: "A score of villages were obliterated and many people slaughtered. A number of young Armenians were bound, covered with brush and burned alive. Others pleaded for mercy, but were shot down on the spot, while others were dispatched with the bayonet and sword. One hundred women were shut up in a church. Many were outraged to death and the remainder were dispatched with the sword. Children were placed in line, apparently to see how many could be killed with one bullet. Many children were beheaded and inmates of burning houses driven back into the flames at the point of the bayonet as they tried to escape. Estimates vary from 3,000 to 8,000 as to the number massacred. Some estimate place the number even twice as high. The massacres happened in August and September and were perpetrated by soldiery under officers of high rank. This gives the affair a most serious aspect."

COUNTY IS BETTER THAN A YEAR AGO

NUMBER OF SUNDAY SCHOOLS MUCH GREATER.

John H. Leas Has Organized Twenty-Four Schools Since He Began Work Herd—More Money Needed and Less Criticism About "Sparking"—Pastors Work Hand and Hand.

John H. Leas has just finished another year of work as county Sunday school missionary, and is much encouraged. He has been called to one of the northern counties for three months' work, but feels that the Rock county work is too pressing. In his annual report he says:

"When the missionary first came to this county he was welcomed by the workers who knew what this county needed and who had stood the brunt and heat of the day. There were also those who said: 'We do not need a missionary in Rock county. The field is too small.' Others again would like a missionary who could work just for their special denomination and not a union man. Some pastors also intimated that a union missionary cared only for organizing the Sunday schools and then allowing them to paddle their own canoe. They believed only in organizing a Sunday school when it could be connected with a church. I think by this time the good people of Rock county have learned better. Since coming to this county I have never urged organization too strongly unless the conditions were favorable for a permanent plant. The missionary has tried to be very careful and cautious to do his work well by visiting as much as possible before organizing, so as to acquaint himself personally with the people."

Mr. Leas found schools established when he came here. "Since then," he says, "I have organized twenty-four; reorganized 11; visited and aided Sunday schools otherwise in 153 cases; miles traveled, 14,215; family visits made, 6003; letters written in connection with the work, 1453; addresses delivered, 248; townships organized, 15; township and district conventions attended, 6; county and other conventions attended, 12; scholors gathered into the Sunday school work, 1497; teachers set to work, 178. Distributed much good religious literature in this county also bibles and testaments. Introduced preaching in destitute fields. The Sunday schools of this county are in a prosperous condition and are fast becoming permanent factors in the different communities. It has been testified by many individuals and pastors that the work of the county missionary has been a blessing to the several individuals, communities, churches and the county at large. There exits as far as we know a general feeling of fellowship between the pastors of the different denominations in the county and the missionary. The pastors and the people are learning to know and understand the missionary and his work better each successive month, which is encouraging and will result in great good to all parties concerned."

Mr. Leas closes with an appeal for financial aid and a protest against unfounded criticisms of the county Sunday school system. He says:

"Parents, you who complain that your Sunday school is nothing better than a sparking school, what have you done to better it? Do you try earnestly to remedy the evil you seem to perceive, or are you only finding fault?"

CROWD AT THE BAPTIST CHURCH

Very Large Audience Heard Rev. Merrill Last Night.

The audience at the Baptist church last night was the largest of the series, all things considered. The interest in both the afternoon and evening services was intense. Pledge cards were signed for all the different churches, showing that the work is broadening out and reaching all classes. The most cordial invitation is given to all to come in and share in the good work. The subject of the sermon last night was, "The Scarlet Thread, or the Atonement of the Lord Jesus Christ."

"This scarlet thread or the blood runs through the whole bible," Rev. Merrill said. "It is in the old testament in type, figure, promise and prophecy: in the new testament in fulfillment and reality. As I secure a stamped ticket at the railroad office and it carries me over the line of road, so the blood stamped ticket of Jesus Christ secured by faith in Him takes us over the road of obedience to God Himself." The subject this afternoon at the meeting was "The Connecting Link or Faith" and the subject tonight will be "The Gateway Into the Kingdom." The Cheney Quartette will sing as at every service and Mr. Porter will whistle.

HE COULDN'T KILL HIS CHILDREN

A Renter Refused to Commit Murder to Get a House.

A Janesville real estate man tells a pretty good story. He says a man called upon him desiring to rent a house. The real estate man asked him how many children he had.

"Eight," replied the renter.

The former at once made the excuse that a near neighbor had a large family also, and to bring the two families together might result in disturbances.

"Well," replied the parent, "I've got eight children, and I ain't a goin' to knock any of 'em on the head."

CAMP OF TRAMPS SURROUNDED BY FARMERS.

Fussalade of Shots Fired During Which the Hobos All Got Away—Had Burglarized Houses and Slept In the Church Until People Were Aroused—County News.

Tramps seem to be running things to suit themselves in the towns of Center and Porter. At the former place the residences of Frank Snyder and Gus Paul were entered Sunday night, and a good supply of edibles "turned up missing" the next morning. Monday night someone took possession of the church, made themselves comfortable with the cushions, built a good fire and slept as comfortable as a bug in a rug. Tuesday night they put in at the West school house. The raids caused much excitement, and on Monday night a posse of farmers was made up to run them down. It was said that the tramps were in hiding in the thick underbrush north of Frank Snyder's home. The camp was surrounded, according to the story of a correspondent, by the brave band commanded by "Gen." Johnson and "Col." Crow. The whole outfit then began shooting, and kept up an incessant firing until their cartridges were exhausted. When the smoke cleared cleared away it was found that the the bandits had escaped, but each soldier captured and brought back a potato skin and an egg shell as trophies, and Fred Vankirk was out one hundred and fifty rounds of revolver ammunition in consequence.

In Porter a "bum" took possession of the school house and according to reports the profession are frequent visitors. Porter people are also selling poultry very cheap but The Gazette's correspondent feelingly remarks "the democrats are still in power but there's a better time coming; help it on."

"HOBOS" TOOK LIBERTIES IN CENTER

Houses Were Entered and Victuals Stolen By Wandering Vagabonds.

CENTER, Dec. 14—Who saw the tramps? The residences of Frank Snyder and Gus Paul were entered Sunday evening by unknown parties, and a good supply of eatables taken from the pantries. On Monday night some one took possession of the church and made themselves comfortable with the cushions and a good fire, and on Tuesday night the West school house served them for a refuge. Who and what they are remains to be found out. Where are our police, Henry Pepper and Ed. Tracy? We want protection. On Monday night a posse was formed and a search made of the adjacent woods. Tobacco paper one and one-fourth cents a pound, twine, best quality seven cents, any amount you want at Fred Vankirk's. The Literary society meets at J. T. Snyder's next week. If you want to have a good time come. We are pleased to note that Mrs. Harvey Fisher has again taken up her residence among us. Have your friends subscribe for The Gazette through the postmaster. If you don't get your money's worth within the next six months "kick." Seth Fisher says that he can husk more corn by hand with the same number of men than the husking machine can. About sixty acres of tobacco were taken down in this vicinity last Tuesday but it is pretty dry. "Jersey Lily Flour," the highest grade patent, ninety cents a sack. A full line of work clothing, gloves, mittens, winter caps, etc., at Fred Vankirk's.

TRAMPS PLENTY IN PORTER.

Sleep In School Houses and Milk Cows—Poultry Is Selling Cheap.

PORTER, Dec. 14—Tramps are plenty in this vicinity. One sleeping in the Eagle school house Saturday night, milked his neighbor's cow, and in fact made himself quite at home for the time being. Poultry around here is being delivered this week; turkeys at the remarkable low price of six cents a pound; chickens dressed at eight cents and geese at nine cents. Verily the democrats are still in office, but don't be discouraged ye poultry raisers for "the good time's coming, help it on." John Riley of Geneva Lake, was the guest of his parents recently. Con Hayes is taking in the sights of the Windy City and visiting relatives. Mr. and Mrs. Bert Montgomery spent a few days last week with relatives in Dayton Mrs. J. H. Nichols spent the week in the Bower City. Dr. Roberts, of Janesville, was called to N. A. Pound's last Thursday to attend a horse, suffering from lockjaw. Mrs. J. W. McCarthy spent a few days last week at her parental home in Edgerton. Porter branch of the Catholic Knights of Wisconsin, held their annual meeting on Sunday, resulting in the election of the following officers: President, N. A. Pound; vice president, James Dawson; recording secretary, D. F. McCarthy; financial secretary, M. Carroll; treasurer. M. Ford, Mr. and Mrs. N. J. Casey, of Janesville, called on old friends Sunday.

GOOD LECTURE AT MILTON.

Second of the Epworth League Course—G. A. R. and W. R. C. Elections.

MILTON, Dec. 14—The second lecture in the Epworth League course is to be given next Wednesday evening, at the M. E. church, by President Samuel Plantz, of Lawrence University. His theme is "Peculiarities of Great Men." President Plantz was for several years a student in our college, and has many friends and acquaintances here, all of whom can vouch for his ability and scholarship. Do not fail to hear him. A. D. Hamilton Post No. 60, G. A. R., elected the following officers at their session Wednesday evening: Commander, W. H. Wilbur; S. V., M. Chamberlin; J. V., J. H. Bullis; surgeon, I. Pellett; chaplain, S. S. Obourn; quartermaster, W. P. Clarke; officer of the day, O. A. Friddell; officer of the guard, S. Kerns; trustee, A. S. Bullis; delegate, J. S. Gilbret; alternate, I. Pellett. The offcers elect of the Women's Relief Corps are: President, Mrs. M. W. Greene; senior vice president, Mrs. W. P. Marquart; junior vice president, Mrs. Archie Hadden; treasurer; Mrs. E. H. Carey; chaplain, Mrs. B. H. Stillman; conductor, Mrs. H. H. Risdon; guard, Mrs. A. B. Lee; delegate, Miss R. I. Crouch; alternate, Mrs. E. C. Sholes. As a rule when the women take hold of an enterprise it is bound to go. We are pleased to note that their fair held Tuesday at the Methodist church was a success both socially and finacially. About seveety-five took supper. The booths were very attractive and well dlled with articles both useful and ornamental, and the sales were good. The musical and literary program the last hour of the evening was well patronized and very enjoyable.

W. H. PARKER HAS A BILL AGAINST REV. WELCH.

He Doesn't Say that Anyone Beat Him but He Does Say that They Didn't Settle Up and He Wants to Know Where they Are but Chief Acheson Didn't Know.

W. H. Parker, the job printer, has after the manner of all printers, a "devil,"

As is well remembered, certain "oleopaths," holy men who knew how to use olive oil to good advantage, visited Janesville some time ago and extracted devils of numerous shapes and forms from Janesville people at world's fair prices. In the course of their work in the Satan-slaying line it became necessary for them to have printed matter. This being the case they visited Mr. Parker's place and gave him the order.

That, he says, is all he has received;—just the order.

They made no offer looking toward the painless and permanent extraction of the devil from his office and neither he affirms, did they offer any coin of the realm for the work. Mr. Parker is still possessed of a devil, an order for printing and the entry on his books. He doesn't charge Revs. Welch and Devilry with bedeviling him out of his money, for that wouldn't sound nice, but he does intist that the bill has never been paid. He appealed to Chief Acheson this morning concerning the whereabouts of the oleopaths that he might "jump them."

MARRIAGE CUSTOMS.

In Java the bride washes the groom's feet as a token of subjection.

In Hungary at one time the groom gave the bride a kick during the wedding ceremony to indicate subjection.

Horseback weddings, where groom and bride ride at full speed away from their pursuing attendants, are still sometimes seen in Tartary.

Among the Borneo head-hunters a young man, in offering marriage to a young woman, had to present her with the head of a man killed by himself.

Tournefort says that among Greek rustics of to-day the bride and groom run the gauntlet of young folks of their acquaintance, who kick and cuff them as they pass.

A Roman bride was lifted by her husband at the threshold of his home and carried across it, probably symbolizing the great day when so many of the young Romans carried home stolen brides.

Use It In Time.

Catarrh starts in the nasal passages, affecting eyes, ears and throat, and is in fact, the general enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing an excessive flow of mucous, and if the mucous discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pain across forehead and about eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

A Disputed Case.

Many persons dispute the question as to whether or not baldness caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others can not. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Masonic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you may procure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on or address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I have since recommended S. S. Since the opening of the present century there have been several well attested instances of falls of stones from the regions of space. "I am glad to be able to say, children," remarked the benignant old gentleman, who was addressing the Waifs' mission Sunday school, "that I never swore an oath in my life. I never drunk a drop of liquor, I never took a chew of tobacco, never had a cigar in my mouth, never smoked a pipe, never went to a theater and never saw the inside of a circus tent." He stopped a moment to take breath and a boy in a front seat spoke up: "I guess you must o' come to town on the last load, didn't ye?"

More persons have been arrested. It is said that the plot was directed from Rio de Janeiro."

MISCELLANEOUS

BUY your wife a parrot for Christmas and have some talking in the house. Splendid ones at Heimstreet's drugstore.

WHAT shall the Christmas gift be? If we had a son, which we haven't, we would say to him "stop smoking," (which he probably wouldn't) and buy with the money you would save, a home site on which to build a home or as speculation.

In case he would not listen to the advice we should buy one for him, making a present of the first payment and the contract and no doubt he would some way keep up the future easy monthly payments (even if the smoking habit had to go) and thus secure the property.

Quite an undertaking and investment to start this, say you? Not so much of one as it might at first blush seem, say we. Just as an encourager for this plan of making Christmas presents, we will sell twenty full sized lots as good as there are in the city at ONE HUNDRED AND FIVE DOLLARS each, $5 cash down and one dollar per week for one hundred weeks and then the lot will be paid for in full. No interest, no anything, but exactly $105 for a full size 66 by 132 foot lot and remember there cannot be bought a better lot at any price.

If the old folks don't avail themselves of this offer, you come in boys and girls and let us show you the lots, and we are very sure you will buy a lot and make yourself a Christmas present. We never, you never, no one else ever saw such a chance for either old or young people to get a home site. We assure you who may get these twenty lots that the lots adjoining yours shall never be sold at less than $150 to $200 each: and we feel confident we shall get $250 each for every lot adjoining these twenty lots that we now offer you at $105 each on easy (one dollar) weekly payments. It may seem strange to you that such a bargain is offered, and it is strange, and never again will such a chance to become a land owner occur. These twenty lots are for sale BUT ONE to a person, no man, woman, boy or girl can get but one of these twenty lots, and no lot adjoining either one of these can be bought to-day spot cash at less than $150 up. The deal is simply one of our "rattling" deals, and we shall never repeat the offer after these twenty lots are sold. Hadn't you better come in at once? Yours very truly, just the same as heretofore. AT REST IN OAK HILL E. H. BENNETT LIES

THE FUNERAL HELD UNDER MASONIC AUSPICES.

Fellow Craftsmen of Western Star Lodge Escorted the Remains to the Cemetery—His Death Recalls Many Important Happenings In the Janesville of Fifty Years Ago.

All that was mortal of Ensign H. Bennett was buried in Oak Hill this morning, the services at the grave being under the auspices of Western Star Lodge of Masons. Mr. Bennett having been a member of that lodge for many years. Funeral services, conducted by Rev. A. H. Barrington of Christ church, were held at the MyersHouse at 10 o'clock and were attended by a very large congregation of citizens, and especially by the older residents of the city. After the services at the hotel, the remains were taken in charge by the Masonic order and the funoral party was escorted to the cemetery. The honorary pall bearers were J. M. Bostwick, R. M. Bostwick. Volney Atwood, John J. R Pease, William Ruger and William Hemming, while the regular bearers were all from the Masonic order, they being John Thoroughgood, A. P. Lovejoy, J. B. Whiting, Hamilton Richardson, W. T. Vankirk and George C. McLean.

Lived at the Myers 29 Years.

By the death of Mr. Bennett the Myers House loses its oldest boarder. He went to the hotel to board soon after the destruction by fire of the Bennett residence at the corner of East Milwaukee and Division streets, which occurred on December 22, 1865, and has since that time made his home at the Myers but occupied a room of his own on West Milwaukee street. His death also recalls the great North Main street fire which destroyed the frame buildings occupying the sites of the Gazette office and north to the corner. The fire originated in the corner building, then owned and occupied by B. Wheeler as a liquor store. A number of barns in the rear of the row were burned and the sparks went over Hodge's carriage shop and set fire to Mr. Bennett's barn which was destroyed together with his house. A small barn in the next block on the opposite side of the street was destroyed, with two horses. The old hand fire engines were frozen up and whisky was poured into the cylinders to dissolve the ice. The fire had spent its force before the engines could be put in service.

Warren Taylor.

Rock county lost another early pioneer when death summoned Warren Taylor, which sad event occurred at his home in Orfordville on November 28, 1804. Mr. Taylor was born in Monroe county, New York, July 7, 1821. When nine years old his parents removed to Medina, Ohio, where they continued to reside until they removed to Wisconsin. On Dec. 18, 1842, Mr. Taylor was united in marriage to Miss Lucetta Salmon, of Medina county, Ohio. They came to Wisconsin in 1845 and settled in Walworth county. Mr. Taylor was the first chairman of the town and was also the first school superintendent under the town system,

April 2, 1852, in company with a party numbering between twelve and eighteen, Mr. Taylor started to cross the plains to California. They were six months in making the journey by ox team. They started from what was known in an early day as Spring Valley Corners. Deceased enlisted in the late war in January, 1861, being a member of Co., Thirteenth Wisconsin Volunteer Infantry. He was a conscientious christian and a member of the Methodist Episcopal church for over half a century.

He was the father of nine children, five boys and four girls, all of whom are living except one, a daughter, who died in 1847. The eight remaining children are Elijah S. and Newton I. Taylor of this city; Wm. K., Burton L., Miss Ida Taylor and Mrs. Joseph Dickey of Spring Valley; Mrs. Hattie E. Ward of Magnolia and Milton W. Taylor of St. Paul, Minn.

The funeral was held on November 30 from the house, and later from the Methodist church at Orfordville. Rev. Thomas Potter assisted by the pastor, Rev. M. W. S. Perry officiated. The interment was in the cemetery at Orfordville.

Mrs. Estella McCausey.

The funeral of Mrs. Estella McCausey, wife of Dr. George H. McCausey, will be held Sunday afternoon at 2 o'clock at the home, corner of Glen and Caroline streets, Second ward. Mrs. McCausey's death, which has already been briefly announced, ended an illness that had filled months with suffering and made days drag by wearily. It was the result of cancer, and some time ago it was known that there was no hope. Through it all the sufferer was brave and patient.

Mrs. McCausey was born in Lowell, Mass., fifty-two years ago, and was married to Dr. McCausey in Auburn, New York, June 25, 1872. Her maiden name was Estella A. Reynolds.

Funeral of James Dixon.

The remains of little James Dixon, the lad who died from having his leg so terribly twisted in a wagon wheel last Tuesday, were buried in Mount Olivet this morning, funeral services, conducted by Rev. Father McGinnity, being held at St. Patrick's church at 9 o'clock. There was a large attendance at the service.

HEDDLES' SENDS LEAF TO EUROPE

Rock County Tobacco Sent to Germany—Salvage of the Warehouse Fire Small.

Alderman S. B. Heddles will ship a large consignment of Wisconsin tobacco to Germany tomorrow. Considerable Wisconsin leaf finds a market in Europe, and Mr. Heddles has made a number of shipments across the water. Last Saturday he bought 400 cases of the crop of 1893 at five and six and one-half cents a pound.

"The tobacco in the ruins of the Growers' warehouse makes first class fertilizer," said Alderman Heddles last evening. "I bought it at the salvage sale on Wednesday expecting to save something, but find that is about all it is good for. I gave away the tobacco to the parties who are hauling it, but in loading they are required to lay aside such hands as may be of value to me. They are yet some cases in the ruins with only the outside scorched, and I am in hopes of saving some of it. It is all damaged to some extent."

NON SUIT GRANTED IN SHEARER'S CASE

SUIT COMES TO A HEAD THIS AFTERNOON.

Attorney Nolan Asks that the Action Be Dismissed and Arguments By Him and By Attorney Winans Occupy Several Hours—Circuit Court Proceedings.

"I move for a non-suit," said Attorney Nolan this afternoon, addressing the court after the plaintiff had rested. The case was that of Meissner against Shearer for $10,000 damages. "I make this motion on the grounds that the plaintiff has failed to show that there was negligence on the part of the defendant, and that if there was negligence it was on the part of coemployes," remarked Mr. Nolan. It was 3:30 o'clock when the motion was made, and then followed arguments by Attorney Nolan to support his motion, and by Attorney Winans in opposition. After hearing them Judge Bennett granted the non suit.

SCOTS MADE MERRY LAST NIGHT

Banquet And Dance Given At The Park House

Rock county Scottish clans rallied at the Park Hotel last night and had a genuine Scottish banquet and dance. Hon. Andrew Barlass acted as toastmaster and the responses were, "The Old Settlers" C. C. McLean; "The Ladies", William Paul; "The Land I Left Behind", George Skinner; "The Land We Live In," Wm. McGregor. Vocal numbers were rendered by William Dargie, of Rockford, Alex Michie, of Milwaukee, James Hutton and Hon. Andrew Barlass. Mrs. Archie Galbraith had charge of the refreshments, and they were the kind that carried the banqueters back to the heathery hills. Smith's orchestra furnished music for the dancing. The committee on invitation consisted of George Skinner, William Zuill and Walter Little.

The reception committee was composed of Mr. and Mrs. David Brown, Mr. and Mrs. James Scott, Mr and Mrs. John Little, Miss Bessie Scott, Miss Lizzie Paterson, Andrew Scott, Matthew Paterson, William Paul, and William Taylor, Brodhead; while John D. Little, George McLay, Peter Trainer, David Zuill, Edward Duthie and William Paul had charge of the floor.

A. M. Whittier, watchman and engineer of a manufacturing establishment in Metuchen, N. A recent visitor in Nova Scotia heard there an anecdote of a little old woman who was one day urging upon her guests a choice of refreshments which they, not being hungry, refused. "Now do let me go and get you some pie," said the hostess. "Just say the word, I've got three kinds of apple pie—open-face, cross-bar and kiverlid."

E. HALL,

The Same Thing.

An anthropologist who makes a specialty of the habits of women expresses surprise that so many of them should allow their pictures to be published in patent medicine advertisements, but a philosopher ought to know that it amounts to the same thing in the long run whether you get your picture printed for being great or for being cured of catarrh or liver complaint.

One Hope Left.

The second was despondent. "The other fellows have agreed to our terms," he faltered. The pugilist was obviously disconcerted, but his buoyant, courageous nature at once asserted itself. "There is yet a chance," he exclaimed, joyfully "the governor of the state, you know." Thus despair was eventually compelled to take flight.

The New Horsford's Baking Powder excels all others in healthful quality and baking strength. A wonderful invention.

WELCOME WORDS TO WOMEN.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another with pain here or there, and in this way they all present to their easy-going doctor, separate diseases, for which he prescribes, assuming them to be such, when, in reality, they are all only *symptoms* caused by some womb disorder. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, *directed to the cause* would have promptly cured the disease.

Mrs. HARRY TAPPAN, of *Reynolds, Jefferson Co., Neb.*, writes: "For two years I was a sufferer. A part of this time had to be carried from my bed. Was racked with pain, had hysteria, was very nervous, no appetite and completely discouraged. A few bottles of 'Favorite Prescription' effected a perfect cure." Sold by all dealers in medicines.

THE WORKING GIRL.

Miss Sallie Palmer Gives Some Suggestions to Girls About Backache, Faintness, and Dizziness.

[SPECIAL TO OUR LADY READERS.]

Did you ever notice working girls on their way home from stores or factories?

Did you notice how many of them had pale cheeks, dull eyes, and heavy steps? and did you wonder why they were not ruddy and bright?

The story which is told by Miss Sallie Palmer, of Nicetown, Pa., gives the reason for this sad condition of many working girls.

Sometimes their back and sides will ache terribly. They are faint and dizzy with pain and weight in the lower part of their stomach. They watch the clock, and wish that the day would end, as they feel so ill and tired.

Standing all day, week in and week out, they have slowly drifted into woman's great enemy, displacement of the womb. That, or some other derangement of the organ, causes irregularity or suspension of the "monthly periods," bloating, flooding, or nervous prostration.

"Take warning in time," she says; "*Lydia E. Pinkham's* Vegetable Compound is the surest and safest remedy in the world for you."

Do You Catch the Idea?

A chewing tobacco made to please a universal taste, must be prepared from the highest grade leaf, with a skill that can only be acquired by the longest experience. It must possess a delicious flavor, and a lasting substance, and must neither be too light nor too heavy, too sweet nor too flat. In

every element dear to the tobacco chewer is so skillfully concentrated and blended as to make the most delicious chewing tobacco ever put on the market. Try it and you're sure to catch the idea.
